

MANUFACTURER OF FIRE SAFETY
AND SIGNAGE PRODUCTS

JacGLOW[®]

Photoluminescent Signs Catalogue

JacGLOW® Photoluminescent

Established in 1978, Jactone Products is a family owned and run company who offer a complete range of signage products and services. We offer a comprehensive collection of safety and general information signs and a bespoke signage service.

This catalogue is dedicated to our JacGLOW photoluminescent signage.

Produced on our new superior quality material we believe our JacGLOW signage will give you the edge over your competitors and enable you to provide the very best signage solutions to your customers.

Offering longer lasting photoluminescent performance than ever before, competitive prices and reliable supply from a UK Based Manufacturer we encourage you to give us a try for your requirements.

From our factory in the West Midlands we produce a wide range of fire safety, means of escape, mandatory, health and safety, safe condition signs and much much more...

Maritime Water Safety

✓ Recommended International
Maritime Organisation (IMO)
symbols, indicating the location
of emergency equipment, muster
and embarkation stations.

✓ Symbols may be used with a
number, letter or directional arrow
where appropriate.
