

Signs JacGLOW® High-Rise Residential Buildings

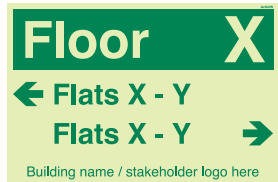

➤ An update to the Fire Safety (England) Regulations 2022 under **Fire Safety: Approved Document B, Appendix 15.13 - 15.16** has made it a legal requirement for all residential buildings 11m or taller in England to display Wayfinding Signs to assist firefighters in the event of a fire emergency. The signs must identify the floor and indicate the flats on each level. The signs must be visible in low lighting conditions or when illuminated with a torch. **Make sure you have the right sign you need for your building, all of the below signs are available with customisation.**

Wayfinding Signage

➤ A range of signs that identify the floor level, flat/accommodation detail, directions and building name.
