

Watermist

The Premium Range Watermist fire extinguisher is made in our UK factory and is available in 3 litre and 6 litre models. Both models come complete with colour coded handle, header label and base and are Kitemark certified to BS EN3, UKCA and CE marked. For use on Class A fires (solid materials) and Class F fires (cooking oil and fats). They have also been fire tested* on Class B fires (flammable liquids or liquefiable solids). Electrical risk (class E) covered up to 1000v.

- › Quality deep drawn cylinders.
- › High quality heavy-duty brass valves.
- › Colour coded headers, handles and bases.
- › Spray nozzle complies with the dielectric test of BS EN3-7, clause 9.

549 x 205 x 205mm

* Please note whilst Jactone Watermist Extinguishers have been Class B fire tested it is not possible to certify this performance under BS EN3 as the fire sizes are outside of EN3 limits. Our fire testing and video evidence confirms safe and very creditable performance for situations where Class B is not the primary risk.
