

Fire Points

We offer a wide range of practical and stylish fire extinguisher stands to provide a solution for the siting and positioning of fire extinguishers. These one-piece plastic fire points are ideal for use in a variety environments. They are available in both single and double sizes, both of which are available in either red or grey finish. They are designed to accommodate a wide range of extinguisher sizes, from 2kg CO2 up to 9kg / litre.

- Constructed from tough and durable moulded plastic.
- Available in two colours: red and grey.
- Complete with fire point sticker.
- **NOTE** : Fire extinguishers not included.

➤ X3299 : Single Red Fire Point

➤ X3301 : Single Grey Fire Point

➤ X3302 : Double Grey Fire Point
